

Community Vitality Progress Report

INSTRUCTIONS

GRANT IMPACT- To answer the following questions, you will need to compare the stage two proposal content with the implementation experience so far. The Foundation understands the two may differ. When forming your responses, keep in mind the Foundation is curious about the barriers, changes, and successes of all aspects of your project/initiative. We view this "check-in" as a learning opportunity and value the information you share as it will help us with future community contributions.

INSTRUCTIONS

It is recommended that you use the PDF version of this report to prepare your responses prior to completing it online because once you begin here, it is not possible to save your responses and continue later.
