

A Gift in your Will:

How London Community Foundation can help with your Estate Planning

The most meaningful gifts often outlive us. At London Community Foundation, we help you weave your deepest values into a unique legacy that creates lasting change. Your legacy isn't just what you leave behind—it's what you make possible.

 *“It’s not a round table topic, but it’s better to be proactive than reactive, and if you want your life to have some meaning beyond the grave then this is the best way to do it.”*

- Wayne MacDonald,
Fundholder

A Personal Approach That Creates Lasting Impact

For seven decades, London Community Foundation has provided highly personalized service to support and enhance estate planning. We can help transform good intentions into extraordinary outcomes. Your legacy gift can become a permanent fund or join an existing one bearing your name or with anonymity, if you prefer. The Fund's investment earnings will support the causes you cherish most—in perpetuity.

Simple. Flexible. Powerful.

Whatever the gift amount, we work alongside your legal and financial advisors to make the process seamless. You can contribute cash, securities, life insurance, or other assets—all with significant tax advantages for your estate. One line in your will, one receipt for your executor, and we will manage your charitable giving, both immediate and long-term, while creating an endowment that will provide consistent, sustainable annual support to the causes most important to you. Your fund can be multi-generational, such that there are successor advisors you appoint to direct the fund, or the foundation can manage it all on your behalf, in accordance with your wishes.

Ready to Begin?

We will work with you and your lawyer to include some simple language in your will. We can also work with you and your financial advisor to determine what kind of gifts and structure of fund will be best for you and your heirs and executors. No matter the size or type of your gift, we'll guide you through every step with care and expertise.
